\$720,853

in oral health services provided in 2016 at HealthLink

In March 2016, HealthLink partnered with

## Temple University's Kornberg School of Dentistry

to expand the services available to HealthLink patients on-site and at no-cost.

Students performed 82 root canals and other dental services for a total value of \$75,425 in free care to patients.

An average of **\$405** in free dental care was provided per patient seen at the clinic.

For every **\$1.00** spent to operate the clinic, **\$1.31** in dental services were provided to low-income adults for free.

Our mission is to improve the overall health of qualified low-wage earning adults in Bucks and Montgomery counties by providing free preventative and restorative dental services and oral health education.
