Total Value of Services Provided in 2018

\$812,381

HealthLink is able to provide this high value of services due to the donation of time -

1,294 hours

by local dentists dedicated to our mission last year.

For every \$1.00

spent to operate the clinic,

\$1.79

in dental services were provided to low-income adults for free.

46%

of HealthLink patients are Spanish speaking.

7 other languages are spoken fluently.

Our Veterans Denture Pilot Program was conducted to determine the resources that would be required to provide dentures to our patients.

About \$6,000 in free dentures were provided to local veterans through the small scale program.

HealthLink provides free care to local veterans regardless of employment status.

86 current patients are military veterans

Our mission is to improve the overall health of qualified low-income, working adults and veterans in Bucks and Montgomery counties by providing free preventative and restorative dental services and oral health education.
